LAVANDERIA

1 APOLLO

Liquid laundry detergent

A laundry detergent for linen, suitable for most washing machines.

Tank 25kg
Box 3x4Kg

2 APOLLO 2

Powder laundry detergent

A laundry detergent with whitening action, suitable for use in most washing machines.

Sack 10Kg 25kg

3 OXYGEN

Sanitizing bleaching additive

An additive that both sanitizes and bleaches laundry. It eliminates stains even when washing delicate clothes. It doesn't disrupt colors and maintains the integrity of the fabric. It also has a sanitizing action. Its formula is based on an oxygen bleaching agent and is designed to easily eliminate even the most persistent stains.

Tank 25Kg
Box 3x4Kg

4 SODIUM HYPOCHLORITE

14% chlorine active sanitizer

A liquid bleaching agent with sanitizing action for industrial laundries, for the treatment of white linens such as: bed sheets, mattress cover, towels. This product efficiently removes ring stains and colored stains of organic nature.

Tank 10Kg 25kg

5 PEROXY 333

Hydrogen peroxide 20 volumes

A solution with active oxygen with 20 volumes of hydrogen peroxide which whitens and sanitizes laundry, recommended for healthcare facilities. This product is active at 35-40°C and has optimal action at 75-80°C.

Tank 25kg

6 PERSAN 150

Sanitizing bleaching agent

A bleaching agent with peracetic acid. It bleaches and sanitizes laundry at low temperatures (starting at 30°C). It is particularly suited for healthcare facilities and assisted living facilities, because it prevents bacterial contamination. It neutralizes still active chlorine residues on laundry when sodium hypochlorite has been used in previous washing cycles. This product is ideal for industrial laundries.

Tank 25kg

7 BIOMAT

Liquid det. for washing machines

A professional liquid detergent that is active at all temperatures (30 to 60°C) and stable at every pH level and conditions. Its special formula delivers an improved white color to linen and brilliance to colored fabrics.

Tank 25kg

8 SUPERWOOL

Highly scented fabric softener

A highly concentrated fabric softener with a persistent fragrance, which is ideal to wash most fabrics. This product is best suited for bathrobes, towels and most fabrics. It reduces static charge on cloth and greatly reduces drying times.

Tank 25kg
Box 3x4L

9 SOFTY WOOL

Microencapsulated softener

A highly concentrated fabric softener with a persistent fragrance for all kinds of fabrics. It employs a patented technology with a microencapsulated fragrance. These microcapsules bond with the fabric thusly making the fragrance persistent even after treatment in a drying machine.

Tank 25kg
Box 3x4L

LINEA SPINA

1 CRY S WOOL LOTO

- Crys Lavatrice Lavander
- Crys Lavatrice Musk

Tank 25kg

3 CRY S VETRI

Det. for windows and furniture

A multipurpose detergent, suited for the cleaning of windows, glass, mirrors, plate glasses, furniture and most surfaces. Due to its foaming property, it removes dirt without rinsing, restoring brilliance to the treated surfaces.

Tank 25kg

4 CRY S PAV LOTO

Scented floor cleaner

A detergent designed to clean surfaces and for daily maintenance of floors. Thanks to its formulation, it leaves floors shiny without leaving any haze. Its pleasant flowery fragrance is extremely persistent and leaves offices, schools and lavatories with a long lasting pleasant scent.

Tank 25kg

5 CRY S PIATTI LIMONE

Hand dishwashing detergent

A hand dishwashing detergent with capable of removing greasy soils and encrusted food residues.

Tank 25kg

6 CRY S KAL

Bathroom and kitchen det.

A scented descaling detergent ideal to remove and prevent scales on all kinds of washable surfaces. It leaves protected and shiny surfaces.

Tank 25kg

7 CRY S MARS

All purpose degreaser

An all purpose degreaser which is effective against all kinds of soils even the heaviest ones. Its exclusive formula sanitizes and cleans at the same time. This product is specifically designed for small and large surfaces such as: food processing benches, ovens, vents, extractor fans, lavatories, etc.

Tank 25kg

8 CRY S CLOR

Scented det. with active chlorine

A product suited for cleaning healthcare environments or assisted living facilities where a sanitized and aseptic environment is required.

Tank 25kg

9 CRY S SAN

Sanitizing det. for hard surfaces

A detergent designed to clean surfaces and for daily maintenance of floors. It is particularly suited to sanitize and deodorize public environments such as: schools, hospitals, hotels, restaurants, waste containers and lavatories.
